Hi Annette,

Not sure if you already got a recommendation, but for those flying into [REDACTED] Ex. 3 [CERCLA section 104(e)(7)/(42 USC 9604(e)(7))]] suggested Marriott at the airport (short of other plans in [REDACTED])

I know that [REDACTED] is another one of [REDACTED] airports, and depending on your exact itinerary, the Marriott at [REDACTED] might not make sense for you. Let me know if I should ask [REDACTED] for another recommendation.

Best,
Ksenija

I just spoke with Angela and Elizabeth. They both plan to attend the Tour.

Any recommendations on logistics, e.g., hotel?

Thanks, Annette.

Yes, I thought you said that, but on the doodle poll only Angela chose the 10th, and Elizabeth indicated she was not available. According to the poll, both are available on the 7th and the 9th. So, I am not sure anymore how we stand on the side of CDC.

Actually, CDC indicated that June 10 was a better possibility for them. I am still not sure that I can come, but June 10 may work better for me.

Good morning Annette,

I believe that the 10th was the only date Jackie could come out, too. Having both of you express preference for the 10th is a strong reason to decide for that date. I will keep you posted.

Best,
Ksenija

Good Morning Ksenija,

I had hoped to do this trip but I have commitments for those dates. Friday 6/10 is my CDO and would consider going out. So let me know if this is the day that is decided and I will keep open.

Thanks. Annette.

Hi all,

I added Friday, June 10th as another option for the tour. For those of you who voted, please recast your votes,

Hi all,

As part of the federal action plan on the use of recycled tire crumb in sports fields, we will be touring [REDACTED] a tire recycling facility in [REDACTED] Ex. 3 (CERCLA section 104(a)(7)(D) USC 9604(a)(7)(D))

Please respond to the Doodle poll so we can lock down the date for the tour:

Ex. 6 Personal Privacy (PP)

Doodle:
Tour of
tire crumb
processing
at 

doodle.com

The purpose
of the tour is
to see the
processing of
tires into
crumb rubber
infill for sports
turf, and ask
questions
around the
source and
variability of
feedstock,
processing
technologies
and variability
in end product
properties. The
proposed time
frames are for
the tour of the
facility, only;
attendees
should plan to
fly into

 the
night before or
take an
extremely early
flight on the
day of the tour.

(Please also keep in mind that you will either have to fly into [REDACTED] the day before or very early on the day of the tour.)

Thank you,
Ksenija
